Attachments: Schillo suggested Analytic Plan for Aircraft GHG Standard.docx

Bryan, Mike and Lucie –

Could you send me a copy of the analytic blueprint? Why does Bruce Schillo say the following:

Deliberative Process / Ex. 5

Did we provide the Workgroup with an estimate of the benefits?

Thanks
Bill

Ben, you will likely be interested in OP's comments below that I've highlighted. There are other options we'll need to think about within OTAQ (e.g., no-cost/no-benefit rule) but this is interesting feedback in the meantime.

Bill, this just came in; the aircraft team will be in touch with you further at a later point.

Hi Kathryn, I wanted to share with you the comments we just received from OP on the aircraft analytic plan, specifically those indicating we need to redo the Early Guidance meeting. Let me know your thoughts. Thanks!
